

Start A level an apprenticeship

Apply for University through UCAS or alternative post 18 courses

Visit a university and become inspired and informed

Year 11

Equations and graphs

Ratio / Circle Theorems

Constructions / Similarity

Percentages / Multiplicative reasoning

More algebra

Shape / Further Statistics

Graphs / Vectors

Indices / Proportion

Probability

Right angled triangles

Equations and inequalities

Area and Volume

Graphs

Angles

Fractions and percentages

Interpreting and representing data

Algebra

Number

Year 10

Ratio and proportion

Sequences and graphs

Probability

Number Properties

Expressions and formulae

Statistics

Fractions and proportion

Sequences and equations

Shape

Year 9

Sequences and graphs

Angles

Statistics

Fractions and percentages

Expressions and equations

Decimals and percentages

Shape

Probability

Number Properties

Year 8

Transformations

Shape

Ratio

Analysing and displaying data

Fractions

Angles

Decimals and measures

Sequences and graphs

Algebra

Number Skills

Year 7

Celebrate success

Transition programme

Building the foundation
